

Visual Proof of Delivery (VPOD)

Norco Delivery Services believes in the saying, "A picture is worth a thousand words." As such, we are proud to be the first to provide visual proof that your delivery has been made, whether there is someone at the destination to sign or not.

Using software and hardware developed exclusively by Norco Delivery Services we are now able to transmit the actual signature of the recipient in real-time (an industry exclusive). And when no one is present to sign for your shipment, a photo of where the package was placed upon delivery will be included in your email confirmation.

Example below:

		Reliable Service Since 1957 Shipping throughout California, Arizona and Nevada			[Contact Us]
